106.9 K-HITS PRESENTS

Teen Idol Justin Bieber and Friends to Make

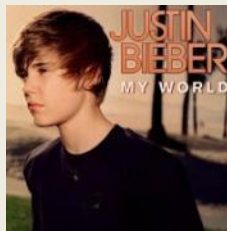

2009 Concert Appearance in December

at the Tulsa Mabee Center!

Tulsa- A super precocious, multi-talented and self-taught musician (drums, guitar, piano and trumpet), 15-year-old Justin Bieber, is coming to the Tulsa Mabee Center this December 20, 2009. Justin was already a phenomenon on YouTube -- putting his impeccable spin on songs from artists like Usher, Ne-Yo and Stevie Wonder -- before the world took notice. Since 2007, Justin has racked up over 10,000,000 views purely from word of mouth.

As Bieber's internet fan base increased, some important folks took notice of him. Seven months after Justin started posting his videos online, the Canadian teen flew to Atlanta, GA to meet with R&B sensation Usher, who quickly took him under his wing, making him his newest protégé. Shortly thereafter, Justin Bieber also wowed Island Def Jam head Antonio "L.A." Reid and has never looked back.

His first single, "One Time," produced by Chris "Tricky" Stewart is already putting him on the map and his debut album is soon to be released. Justin reported the following on Facebook "Just want to clear up the rumors..my album MY WORLD is coming out NOVEMBER 17th 2009. Until then please support ONE TIME on ITUNES and help gift it to friends and get it into the TOP TEN!! New music video shooting next week. I'm excited. Thanks so much everybody!!"

At just 15 years of age, Bieber is a virtually untapped well of natural artistic talent, and presumably will be a solid force in music for many years to come. Come out to 106.9 K-HITS Jingle Ball on December 20 at the Mabee Center to see Justin Bieber and friends - Bowling For Soup, Kristinia DeBarge, Push Play, Jaicko and Priscilla Renea.
